

YOKOY CONNECT

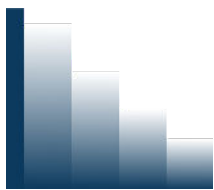

for **SAP® Business
ByDesign**

INTEGRATE EXPENSES AND
INVOICES WITH YOUR ERP
SYSTEM WITH EASE

 Yokoy Connect for SAP Business ByDesign simplifies expense and invoice management, drastically reducing manual administrative work. By automating these processes, it frees up your finance team to focus on more value-added activities. This integration provides a quick, comprehensive view of financials, ensuring accuracy and efficiency within your ERP system.

 Imagine finance operations where expense reports and invoices match your financial system without manual input. Yokoy Connect achieves this, decreasing processing times by up to 50% and reducing reporting errors by 90%. It's an essential integration for precision in financial management and efficient resource utilization.

MASTER DATA SYNCHRONIZATION

Your Masterdata like Employees, Suppliers, Cost Centers based on your Organizational Structure will be automatically synchronized from SAP Business ByDesign to your Yokoy Solution

AUTOMATED EXPENSE MANAGEMENT

After an expense is approved in Yokoy and marked for export, Yokoy Connect automatically processes this information. It then converts the expense data into an open payable directly within SAP Business ByDesign.

EFFICIENT INVOICE PRE-BOOKING

The Pre-Booking Function allows early access to unapproved invoice data in SAP Business ByDesign. It holds the invoice with a payment block until approval, then finalizes and releases it for processing.

CONNECT YOUR EXPENSES AND INVOICES WITH YOUR
ERP SYSTEM THROUGH SMART INTEGRATION USING
YOKOY CONNECT.
